

ROOM NAME	AUDITORIUM 1 FIBES II, Level 1-2	BRUSALAS AB FIBES II, Level 3	BRUSALAS CD FIBES II, Level 3	BRUSALAS EF FIBES II, Level 3	BRUSALAS GH FIBES II, Level 3	MADRID A FIBES II, Level 3	MADRID BC FIBES II, Level 3	MADRID D FIBES II, Level 3	MADRID EF FIBES II, Level 3	PARIS ABCD FIBES II, Level 3	PARIS E FIBES II, Level 3	PARIS F FIBES II, Level 3
9:30 - 18:30 EXHIBITION: HALL 2 (FIBES I) DEMONSTRATIONS: Parking Triangle (FIBES I)												
START	END											
8:30	9:00	Smart Mobility Summit of Cities & Regions and Lunch (Upon invitation only)										
9:00	9:30											
9:30	10:00											
10:00	10:30											
COFFEE BREAK												
10:30	11:00		SIS 1			SIS 2	SIS 3	TP 1	TP 2			
11:00	11:30		Bridging the gap: advanced automated valet parking			Cross data-source information provisioning	Digitising Traffic Regulation Orders: learning from Europe	Collaborative traffic management 1	Adaptive mobility technology 1			
11:30	11:45											
11:45	12:00		SIS 4			SIS 5	SIS 6	TP 3	TP 4			
12:00	12:30		Collaboration in European and National CCAM stakeholder systems			NAP and EMDS—co-existence or marriage?	Ultra-Compact BEVs: A game-changing solution?	Collaborative traffic management 2	Adaptive mobility technology 2			
12:30	12:45											
12:45	13:00											
13:30	14:00	LUNCH										
14:00	14:30		SIS 7	SIS 8	TP 5	SIS 9	SIS 10	TP 6	TP 7	SIS 11	SIS 12	SIS 13
14:30	15:00		Integrating CCAM technologies in traffic management: trials & insights	Roadways to Runways: revolutionising autonomous mobility	Innovative CCAM solutions	Unifying traffic data for NAPs, mobility data spaces and smarter mobility	The Alternative Fuels Infrastructure Regulation and new Implementing Acts	Clean and green technology advances	Resilient mobility in cities and Regions	Who cares about inclusive, sustainable, and citizen-centred mobility ?	Responsible Research & Innovation for Innovative Aerial Services	Digital twins: enabling efficient and cost-effective transport electrification
15:00	15:15											
15:15	16:15	PLENARY 1										
16:15	16:30	OPENING CEREMONY										
16:30	17:30											
17:30	18:30	OPENING RECEPTION										

- Topic 1: Resilient
- Topic 2: CCAM
- Topic 3: Emergent
- Topic 4: Societal

- PL:** Plenary Session
- SIS:** Special Interest Session
- SFS:** Strategic Future Session

- TP:** Technical Paper Session
- RP:** Research Paper Session

ROOM NAME	AUDITORIUM 1 FIBES II, Level 1-2	BRUSALAS AB FIBES II, Level 3	BRUSALAS CD FIBES II, Level 3	BRUSALAS EF FIBES II, Level 3	BRUSALAS GH FIBES II, Level 3	MADRID A FIBES II, Level 3	MADRID BC FIBES II, Level 3	MADRID D FIBES II, Level 3	MADRID EF FIBES II, Level 3	PARIS ABCD FIBES II, Level 3	PARIS E FIBES II, Level 3	PARIS F FIBES II, Level 3
9:00 - 18:00 EXHIBITION: HALL 2 (FIBES I) DEMONSTRATIONS: Parking Triangle (FIBES I)												
START	END											
9:00	9:30	PLENARY 2										
9:30	10:00											
10:00	10:30	COFFEE BREAK										
10:30	11:00	SIS 14	SIS 15	SIS 16	SIS 17	SIS 18	SIS 19	TP 8	SIS 20	SIS 21	SIS 22	
11:00	11:30	Safety related traffic information: data sources and dissemination	C-ITS and CCAM in Europe requires stakeholder cooperation	A connected services market leveraging commercial networks	Enabling technologies for high automation: challenges to opportunities	EMDS and mobility data to improve new mobility services: are we there?	Innovative Air Mobility deployment challenges and how to overcome them	Mobility management in cities and Regions	EU large-scale CCAM projects: lessons learned & scaling challenges	Societal benefits to business models: the Benelux C-ITS ecosystem	Collaborative solutions for sustainable last-mile logistics	
11:30	11:45											
11:45	12:45	SIS 23	SIS 24	SIS 25	TP 9	SIS 26	SIS 27	TP 10	SIS 28	SIS 29	SIS 30	
12h45	14:00	Efficient and sustainable freight by optimised waterborne transport	Traffic efficiency and safety for VRUs and emergency response	Diversity, usability and equal opportunities in autonomous vehicles	CCAM Impact assessment	Alignment and harmonisation of mobility data standards: the NAPCORE project	Accelerating sustainable and smart mobility across borders in Europe	Traffic management system design	Impact of fleet electrification on urban mobility and sustainability	Bridging sectors for a sustainable, smart and resilient ITS future	How can ITS help achieve a safe public space for active mobility?	
12h45	14:00	LUNCH										
14:00	15:00	RP 1	SIS 31	SIS 32	TP 11	SIS 33	SIS 34	TP 12	SIS 35	SIS 36	SIS 37	SIS 38
15:00	15:15	Understanding safety	Agile traffic management 2.0: steering the shift to greener, smarter mobility	Driving change: redefining user-centric CCAM innovation	Testing and evaluation	Resilient & connected mobility powered by satellite technology innovations	Towards digital road operation	New services for public transport	Sustainable future mobility management - holistic, inter- and multi-modal	Is MaaS a barrier or enabler for the movement of people & goods in Africa?	Empowering mass deployment of EVs: current barriers and opportunities	Common European Data Space: ongoing activities and next steps
15:00	15:15											
15:15	16:15	RP 2	SIS 39	SIS 40	TP 13	SIS 41	SIS 42	TP 14	SIS 43	SIS 44	SIS 45	SIS 46
16:15	16:45	Data sharing	Intelligent traffic management: the "A" in AI	Connected & intelligent mobility deployments improving safety for vulnerable road users	Integration of CCAM and legacy infrastructure 1	Resilient and ubiquitous connectivity solutions from space	Next generation eCall - saving lives and aiming for Vision Zero	Benefitting from data sharing 1	ITS by women, for women	What could inclusive, diverse, automated public transport look like?	Baltic region cross-border collaboration for better transport & mobility services	New AI-powered tools to make bus stops safer and more accessible
16:15	16:45	COFFEE BREAK										
16:45	17:45	RP 3	SIS 47	SIS 48	TP 15	SIS 49	SIS 50	TP 16	SIS 51	SIS 52	SFS 1	
17:45	18:00	Exploiting mobility data	The NAVISP programme addressing PNT challenges for CCAM	Digital & physical infrastructure for road safety: unlocking the potential of SRTI	Integration of CCAM and legacy infrastructure 2	An industry perspective on road transport digital infrastructure	Building a resilient RTTI ecosystem: 5-star quality assessment	Benefitting from data sharing 2	Space-based technologies for PNT in road mobility	Building inclusive cities - co-designing accessibility for all	Life-saving after a crash: capturing the vital information for emergency response

9:00 - 18:00 EXHIBITION: HALL 2 (FIBES I) DEMONSTRATIONS: Parking Triangle (FIBES I) PUBLIC DAY												
START	END											
9:00	9:30	PLENARY 3										
9:30	10:00											
10:00	10:30	COFFEE BREAK										
10:30	11:00	RP 4 Managing traffic safely	SIS 54 Unlocking 5G connectivity enabling connected and automated mobility	SIS 55 Big Data and smart connected technologies in urban mobility	TP 17 Solutions for safety 1	SIS 56 Next generation multimodal traffic management: results and a roadmap	SIS 57 Maritime vs. road autonomy: differences and synergies	SIS 58 Road safety innovation through advanced technologies for resilient mobility	SIS 59 Innovative data mobility use cases and pilots from different European regions	TP 18 Making sustainability affordable	SFS 2 Advancing Europe's CCAM competitiveness: the case for an automated mobility IPCEI	
11:00	11:30											
11:30	11:45											
11:45	12:45	RP 5 Adapting mobility for climate changes	SIS 60 Emergent technologies: data and services for mobility	SIS 61 Assessing the societal impact of future key technologies for driving automation today	TP 19 Solutions for safety 2	SIS 62 The potential for smart cycling for Europe: a strategic roadmap	SIS 63 Mobility data sharing for cities and regions - DATEX II & TN-ITS	SIS 64 The way to safer roads: insights into road safety and contributing factors	TP 20 Making infrastructure resilient	TP 21 Better traffic management for all users	SFS 3 Beyond sensors: Is C-ITS needed for future mobility ?	
12:45	14:00											
12h45	14:00	LUNCH WITH COFFEE										
14:00	15:00	RP 6 Analysing mobility behaviour	SIS 65 CCAM: challenges towards large scale deployment	SIS 66 Remote operation of highly automated vehicles - towards large-scale services	TP 22 CCAM for freight and commercial vehicles	SIS 67 5G for connected and automated mobility - continuity of service across Europe	TP 23 Using connected vehicle data	TP 24 Achieving resilient mobility	SIS 68 Business models and concepts for new urban and peri-urban mobility services	TP 25 Improving accessibility	SFS 4 Digital keys for cyber-secured vehicle access to boost mobility services	SFS 5 The arrival of autonomous vehicles and the infrastructure challenges: are we ready?
15:00	15:15											
15:15	16:15	RP 7 Understanding the new mobility	SIS 69 CCAM questions, their answers - breaking barriers to deployment	SIS 70 CCAM: key enabler for European economic growth & competitiveness	TP 26 Traffic management applications	SIS 71 Open Cloud-Edge-IoT Platform in large scale cross-domain pilots	TP 27 Digital evolution in cities and Regions	TP 28 Getting value from mobility data	SIS 72 Cycling, UVAR, IDI and the potential role of TN-ITS for their data exchange.	TP 29 Adapting mobility for better sustainability	SIS 73 Improving rural mobility through new solutions and innovative policies.	
16:15	16:30											
16:30	17:15	CLOSING CEREMONY										
17:15	18:00	FAREWELL RECEPTION
